SERVICE GUIDE (MANAGED SOLUTION) Version: 2025.1

Applicability: This Guide applies to all Managed Solution engagements and is incorporated by reference into the Unified Standard Terms & Conditions.

1. OPERATIONAL PHILOSOPHY

We function as an extension of your team. This guide outlines the standard operating procedures, support structures, and capabilities that power our Managed Solutions.

2. GOVERNANCE & COMMUNICATION

2.1 The Governance Framework

- **Tactical Layer (Daily):**
 - *Who:* Team Lead + Associates
 - *Focus:* Shift Huddles, Attendance Checks, Immediate Blocker Resolution.
- **Operational Layer (Weekly/Monthly):**
 - *Who:* Training & Quality Manager, Operations Manager + Client Point of Contact
 - *Focus:* Performance, "Calibration Sessions" to review Quality scores, clarify SOPs, KPI and product and process updates
 - *Who:* Workforce Manager+Scheduler and Client Contact
 - *Focus :* Long and Short Range Volume Forecasting + Capacity planning
- **Strategic Layer (Quarterly):**
 - *Who:* Operations Leader + Client Success Manager + Client Stakeholders
 - *Focus:* **Quarterly Business Review (QBR)**. We analyze long-term trends, identify cost-saving opportunities, and plan for future growth.

3. IT & INFRASTRUCTURE SUPPORT

3.1 Priority Levels (Response Time Targets)

When an IT incident is logged, we assign a priority based on business impact:

Priority	Definition	Target Response
P1 - Critical	System Down. Complete work stoppage for all users (e.g., Ransomware, Server Failure).	30 Mins

P2 - High	Major Degradation. Critical feature broken, but workarounds exist.	2 Hours
P3 - Standard	Minor Impact. Single user error, password reset, or cosmetic bug.	4 Hours

Service Level Agreement (SLA) & Rebate Formula

a) Service Guide: The specific definitions of Priority Levels (P1-P4), Response Time Targets, and Escalation Procedures are detailed in the Managed Solution Service Guide.

(b) Availability Target: Booth targets a Monthly System Availability of 99.5%.

(c) Service Credits (Rebate): If Availability falls below the target due to Unplanned Downtime (as defined in the Service Guide), the Client is entitled to a Service Credit calculated as follows:

Monthly Service Availability	Downtime Duration (per month)	Service Credit (Rebate)
99.5% - 100%	< 4 hours	0%
98.0% - 99.4%	4 hours – 14 hours	2% of Monthly Fee
95.0% - 97.9%	14 hours – 36 hours	5% of Monthly Fee
Below 95.0%	> 36 hours	10% of Monthly Fee

Note: Service Credits are the Client's sole and exclusive financial remedy for downtime. The maximum credit in any single month shall not exceed 10% of the Monthly Recurring Fee.

3.2 Definition of "Downtime"

For the purpose of calculating Service Credits, **"Unplanned Downtime"** is defined as the time during the Service Window where the Services are unavailable due to a failure of Booth's infrastructure.

"Downtime" explicitly EXCLUDES:

1. **Scheduled Maintenance:** Updates notified at least 48 hours in advance.

2. **Client Dependencies:** Failures caused by Client-provided software, expired licenses, or proprietary tools.
3. **Third-Party Outages:** Force Majeure events, ISP failures (Fiber cuts), or regional power grid failures where Booth's Backup Power was successfully activated but upstream internet was unavailable.

3.3 Device & Network Management

- **Standard Build:** All Associates are issued enterprise-grade workstations (Minimum Specs:i5/16GB RAM/500GB SSD), wireless mouse, and noise-canceling headset, secured with Antivirus and MDM (Mobile Device Management).
- **Network Redundancy:** Our offices utilize Dual-ISP failover and backup power generators to ensure uptime during local outages.

3.4 Information Security

- **Data Privacy:** We are compliant with global data privacy standards. No data is stored locally on agent machines unless authorized.
- **Access Control:** We practice "Least Privilege Access"—staff are only given access to the specific tools needed for their role.

4. OPERATIONS MANAGEMENT

4.2 Performance Management

We believe in data-driven coaching.

- **Scorecards:** Every Associate has a monthly scorecard tracking Attendance, Quality, and Productivity.
- **Coaching Cycle:** Associates performing below target enter a supportive coaching cycle. If performance does not improve after retraining, we utilize our **Replacement Guarantee** to rotate in new talent without disrupting your business.

4.3 Quality Assurance (QA)

For process-driven work (Support/Data), we don't just "trust" the work is done; we verify it.

- **Audits:** Our QA team randomly samples work outputs weekly.
- **Feedback Loop:** Errors are not just fixed; they are logged to identify training gaps (e.g., *"Is this a person problem or a process problem?"*).

5. TALENT ACQUISITION

5.1 The Recruitment Engine

We utilize a 4-stage screening process to ensure capability and cultural fit:

1. **Sourcing:** Active hunting via LinkedIn Recruiter, local job boards, and our proprietary talent database.
2. **Screening:** English proficiency testing (EF SET Standard) and logic/cognitive assessments.
3. **Technical Validation:** Role-specific testing (e.g., Coding challenges for Devs, Typing speed for Data Entry).
4. **Final Fit:** Client interview (optional) or Operations Manager validation.

5.2 Onboarding & Training

Once selected, every Associate undergoes:

- **Booth Foundation Training:** Data Privacy (GDPR/PDPA), Security Awareness, and Professional Etiquette.
- **Campaign Specific Training:** Detailed training on your specific SOPs, tools, and brand voice.
- **Nesting Period:** A 1-2 week period of close supervision where work is 100% audited before going "Live."

6. WORKFORCE MANAGEMENT

- **Time Tracking:** We use biometric or digital time-tracking tools to verify hours worked to the minute.
- **Absenteeism Management:** We target <5% unplanned shrinkage.
- **Redundancy Protocols:** For critical functions, we cross-train staff so that if one person calls in sick, another can step in immediately ("Hot Backup").

7. PEOPLE & CULTURE

- **Engagement:** We run monthly engagement activities, wellness programs, and mental health support.
- **Career Pathing:** We provide upskilling opportunities so Associates see a future with Booth, reducing "dead-end job" turnover.
- **HR Administration:** We handle all payroll, taxes, health benefits, and labor law compliance, insulating you from administrative liability.
